

“OUTING CSA” VIDEO SUBMISSION PROTOCOL

Thank you very much for considering to be a part of Heal2End campaign. Before you get started, please read the following in its entirety.

CSA affects everyone, especially people of color, LGBTQI folk, people with disabilities, immigrants, and those of marginalized class status (i.e., those who've lived in poverty, have experience with being homeless, unemployed, "unemployable", or receiving public assistance.) We highly encourage everyone, especially those who belong to above groups to contact The Heal Project and participate in this campaign.

STEP 1: Please first read PREPARING TO COME OUT AS A CSA SURVIVOR document. We want to support you as you support the movement to end Child Sexual Abuse (CSA).

STEP 2: PREP & FILMING

What visual would you prefer? When you are saying the statements below, would you rather film a picture of yourself at the age of your abuse or do you want to hold a picture of your young self next to you, as you make the statements, or neither (just yourself with no pictures)?

Before using your smartphone or computer to film, please print and fill out this form or fill out online. Use this filled out form as your guide. Read off this form as it is hung up or displayed on a monitor, but NOT in your hand. This will allow for continuity of all submissions and gives us a transcript of what you say.
